

FOR IMMEDIATE RELEASE

CANADA'S LARGEST PUBLIC LEGO® EXHIBITION Celebrates it's 5th year and RETURNS TO THE RIVER ROCK IN May 2020

Vancouver, BC – The BrickCan exhibition, featuring uniquely designed exhibits built with LEGO bricks, is coming back to Richmond in May! We are celebrating our 5th year with hundreds of incredible new creations, designed by talented builders from all over the world. On May 2nd and 3rd 2020, the River Rock Show Theatre in Richmond, BC will again host this very popular annual event.

Mary Plumridge, one of the 6 organizers says, “There are more builders than ever before – over 250! We have a show packed with hundreds of never before seen models for this one weekend only. Come see them before they are gone forever, and rebuilt into something new!”

With limited tickets available, many of the time slots sell out well before the event takes place. Ley Ward, who coordinates the hundreds of models we display each year, offers this advice: “Get your tickets early, and bring the whole family. Almost everyone who attends wants to come back, so tickets go fast. Many of the builders will be available to chat with the public while they look at all the great builds, and you’re sure to learn some building tricks! ”

Tickets for 2-hour exhibit viewing sessions are available now, through Ticketmaster. While at the event, everyone with tickets is invited to visit the Creation Station between 9 am and 4 pm. The Creation Station features lots of interactive building opportunities for all ages. Attendees can also shop during their scheduled viewing times at a variety of vendors selling LEGO-themed books, clothing, jewellery, and artwork, as well as rare LEGO sets and pieces.

BrickCan has been described by past attendees as the one “Must See” events of the year. It is a real hit for family outings and special occasions such as birthday parties. For the past four years, tickets for most sessions sold out early. Do not be disappointed - get your tickets now. Little ones 3 and under are free. All children 12 and under, with tickets, will receive an exclusive, custom-designed BrickCan building set to take home.

Please note that strollers and wagons are not permitted in the exhibit hall, due to space constraints. The exhibition hall is fully wheelchair accessible.
